Mr. James Hill is reported quite sick.

We are starting a new "Posted List" and all who wish to have their names in the list will send 25 cents immediately.

The Ladies Aid Society will meet this week at the home of Mrs. Belle Burnside. All of the members are urged to be present.

Court Day.

A larger crowd than usual was in town Monday and business was brisk. About 300 cattle were on the market, only part of them selling at prices as follows: Heifers from 3 to 3 1/2 cents; cows 2 to 2 1/2 cents; steers 3 1/2 to 4 cents; mules from \$125 to \$175; horses from \$65 to \$150.

Sandusky-Sorrell.

Married in this city on Wednesday at 1 o'clock, Miss Linnie Sandusky to Mr. Sorrell, of Harrodsburg. Rev. O. P. Bush was the officiating clergyman. The bride is the young daughter of Mr. and Mrs. J. B. Sandusky who moved to this place two years ago from Monticello, while the groom is a well to do trader of Mercer county. Congratulations are extended the happy young couple.

Will Probated.

On Monday in Judge Ford's court, the will of Mrs. Dorcas L. Walker was probated. She bequeathed to her daughter, Miss Nancy, \$750, to be used in completing her education and to her son, Horace, \$500 to be used for same purpose. The remainder of her property is equally divided among her six children. Her son, L. L. Walker, is made executor, without bond, and is empowered to lease, sell, and convey property as he thinks proper.

Land Sales.

Hughes & Swinebroad are still at work. They sold last week to J. S. Scholer 152 acres of land for Benjamin Hamm at close to \$95.00 per acre making the 15 acres heretofore sold by them to S. H. Aldridge and this sale at \$95.00 an acre for the entire farm of 167 acres.

They sold for J. W. Brown of North Dakota a farm of 44 acres at \$50.00 per acre, to Walter Fain.

The first farm is 2 1/2 miles from Lancaster on the Richmond pike and the latter on Sugar Creek.

Watch for the date of the Deacon.

Mr. J. F. Holtzclaw was a delegate to the State Sunday School Convention, at Owensboro. He gave us a report of same, which we were unable to run this issue.

After having eaten with us Horace Herndon saw our needs and brought us some fine potatoes, for which we are thankful, even if he did eat twice their worth while with us.

Sale of Residences.

Hughes & Swinebroad have sold the Mole House property on Richmond street to Henry Simpson, and the R. L. Davidson property on Danville street to Mole House.

Robins.

The death of Mrs. Roy Robins occurred at her home, about six miles on Fall Lick pike last Sunday, from typhoid fever. The deceased was a daughter of Mr. Bailor Anderson, of Brodhead, who was once a resident of Garrard county.

Buy a range with a reputation, and take advantage of our Free Offer during our Demonstration Week, Nov. 1 to 6. Come in and let us show you. J. R. Mount & Co.

Many Thanks.

We are very grateful to Mrs. Hattie House Brown for the largest "cushaw" we've seen this year, also to Fred Conn for his fine Irish potatoes. Mr. Conn is an "Irish Potato Man" of rare quality, having dug these 85 potatoes which weighed 63 pounds from one hill. Can you beat it?

Mr. Ed C. Hopper of Latonia, but many years a resident of this city, announces the engagement of his daughter, Camille Lafayette Hopper, of Louisville, to Harry Drake Gibbs, of the Philippine Islands. The wedding will be a quiet home affair and will occur Nov. 1st. The bride-elect is a niece of Miss Jane and Mr. John Hopper of this city and besides possessing a charming personality is quite a talented musician.

Appreciation.

We the executive committee of the Lancaster and Garrard County Development Association, desire to express our appreciation and thanks to Mr. R. E. Hughes, of Louisville, Ky., for his assistance in organizing and placing on foot the above Association.

We believe that if this Association is pushed to the success it deserves, it will be a factor in bringing about great aid to the City and County both in a financial and business way and for any success that may develop, the Association feels that Mr. Hughes should have the lion's share of credit.

RELIGIOUS.

Rev. O. P. Bush will preach at the Baptist church Sunday.

Eld. F. M. Tindler will preach at Christian church next Sunday morning at 10:45, subject, "Stumbling-blocks."

There will be a Union Temperance meeting at Presbyterian church Sunday night, the pastors of the City each making short addresses.

School Notes.

The eighth grade library has been increased by twenty eight volumes during the past week. Several books for the other grades have been received. We still need some two hundred volumes, and we hope our friends will continue their donations. The teachers met last Saturday morning for their semi-monthly study of school problems. The discussions proved of interest.

The pupils of the sixth and seventh grades gave a very interesting program on Friday afternoon. Several visiting friends made the occasion brighter by their presence. Such visits are appreciated by both pupils and teachers.

The pupils of 4th grade gave the following program Friday afternoon: Recitation: "Her Letter," Nancy Lee Hagan; Fairy Sisters, Georgia Moss; Song by all the pupils; Recitation: "The First Snow Fall," Charlie Elmore; Little Jonnie's Letter, Willie Cox.

Duets: "You Mustn't Pick Plumes from My Plum Tree," Charlie Elmore and Woodruff Williams.

The pupils of the second and third grades visited the historic Jackson Spring and Cave last Friday. They also went to the water works. A number of reports of the trip, written by the little people, were read on Monday following.

Katie Joshlin has returned to school after an illness of three weeks. Misses Mason, Fleetwood, Sanford and Brashear were guests of Miss Salie Elkin on Saturday.

Articles of incorporation were filed at Frankfort by the Burley Tobacco and Insurance Company, the successor of the Burley Tobacco Society. The company is capitalized at \$2,000,000 and is to continue 100 years. The articles of incorporation say that the object of the company is to insure and finance the white Burley crop of Kentucky, West Virginia, Ohio and Indiana.

DEVELOPMENT

Association For Lancaster and Garrard.

Movement to Advance Interests of Town and County Given Splendid Start.

The Lancaster and Garrard County Development Association was formed here Tuesday morning, amid an enthusiasm that presages big results.

Permanent organization was effected at a meeting of the following committee of citizens appointed at a banquet given by Haselden Bros. on last Saturday night: John M. Farra, H. T. Logan, G. B. Swinebroad, R. H. Tomlinson, R. H. Batson, J. R. Haselden, F. S. Hughes, J. W. Elmore, and F. M. Tindler.

At the banquet speeches were made by several prominent citizens, all voicing a common sentiment—that Lancaster and Garrard County need a live development association to advance the interests of town and county before the rest of the world.

The committee named was given full authority and at the meeting Tuesday took hold of the duties with an eagerness that inspired confidence in the undertaking.

The following officers were unanimously chosen:

President—John M. Farra.
Vice Presidents—W. G. Kemper, of Paint Lick; Hogan Ballard, of Bryantville; Cecil Broadus, of Buckeye; R. H. Batson and J. R. Haselden.
Secretary—F. S. Hughes.
Treasurer—J. W. Elmore.
Chairmen of Standing Committees.
City Development—H. T. Logan.
County Development—G. B. Swinebroad.

Transportation—R. H. Tomlinson.
Membership—J. F. Robinson.
Publicity—M. D. Hughes.
Educational—S. D. Cochran.
Good Roads—J. E. Stormes.
Live Stock Breeding—R. L. Elkin.
Entertainment—J. J. Walker, Jr.
Government Building—L. L. Walker.

Infirmary—Dr. J. M. Acton.
Not only Lancaster but the entire county is to be canvassed at once for membership. The board of directors, made up of the officers and committee chairmen, will hold semi-monthly meetings—the first regular meeting being called for Nov. 16, by which time it is expected that two hundred members will be enrolled.

Among the first active steps to be taken by the Association will be those towards securing better transportation facilities for Lancaster; an infirmary and government building. The Association is in favor of the Amendment to the State Constitution generally known as the Good Roads Amendment, to be voted on next Tuesday, as is shown by the creation of a Good Roads Committee.

The Association is to issue at once attractive literature advertising what Lancaster and Garrard County have and what they most need.

Every cent derived from membership fees and dues will go into a fund to advance the Association's work. No one connected with the organization will receive a salary.

Supper to Citizens.

The luncheons given by Haselden Brothers at the Malleable Steel Range Exhibit during last week, culminated in an oryster supper Saturday night. A general invitation was issued to the citizens in the community, and fully one hundred and sixty-eight responded. Haselden Brothers express a regret that every citizen of the county could not be with them. These hustling merchants, who are always for the advancement of our town and county, invited these men to discuss the business interests of our community.

John M. Farra who presided as toast master, indeed did it in a way to insure a pleasant evening to everyone.

When supper was announced the guests filed into the spacious store room where tables were found decorated in a most pleasing way and many ladies of the town were there to assist the wives of the proprietors in waiting on the guests.

After being lead in prayer by Eld. F. M. Tindler, the supper was served in three courses—oyster soup, ice cream, and coffee.

The toast master then called on D. W. Bridges, who responded with impressive remarks on "Educational Interests." G. B. Swinebroad then spoke on the prospects of a realty company, and organizing a commercial club, after which R. H. Batson spoke entertainingly on "Civic Improvements" and was followed by R. H. Tomlinson who spoke on "Lancaster—Its Future." A committee was appointed to meet at Garrard Bank & Trust Co., on Tuesday morning, a report of which appears in this issue.

After three cheers were given to the Haselden Brothers, "Old Kentucky Home" was sung and the crowd went to their respective homes feeling that a corner stone had been laid for an advancement association.

The Deacon is coming soon.

Read about Lancaster and Garrard county in this issue, on 4th page.

Dr. W. N. Craig, Oculist, will be at the Kensington Hotel Tuesday, Nov. 2. Those who need glasses should not delay having their eyes tested.

FIVE DOLLARS IN GOLD.

The Lancaster and Garrard County Development Association, which was formed here this week, wants a slogan or battle cry which will help it win contests in the great commercial war now in progress between different communities for supremacy, and will give Five Dollars in Gold for the best suggestion sent to the President of the Association, John M. Farra, Lancaster, on or before November 16th.

The slogan should not be more than eight or ten words and should be especially expressive of Lancaster and Garrard County's interest or what both must stand for. This slogan is to be used in red ink on every piece of literature issued by the association and it is hoped that all merchants, bankers, professional men and citizens generally who have printed stationery will use the slogan on all of their envelopes and letter heads. The association has appointed R. E. Hughes, President Kentucky Electric Co., Louisville; Brinton B. Davis, President Commercial Club, Louisville; and A. B. Lipscomb, Secretary Commercial Club, Louisville as a committee to award the Five Dollars for the above named prize.

For convenience, the following blank may be used. Fill it out and mail it to John M. Farra, Lancaster.

I respectfully suggest the following as an appropriate slogan for the Lancaster and Garrard County Development Association:

Majestic Demonstration

November 1st to 6th. Walking Gake Day Thursday, NOV. 4th.

FREE

THE GREAT AND GRAND MAJESTIC RANGE
THE RANGE WITH A REPUTATION MADE IN ALL SIZES AND STYLES.

MAJESTIC RANGES use less fuel; heat more water; and heat it hotter; costs practically nothing for repairs; last three times as long; bake better; easier to keep clean and give better satisfaction than any other range on the market. If you knew positively that the above statements were true, wouldn't you buy a Majestic once? Come in during Demonstration Week and we will prove it to you.

W. R. Cook has used one for 27 years and Mrs. Jake Joseph one for 15 years. Mrs. U. D. Simpson says it uses only half the fuel for cooking that other stoves do. What's the use in buying a fallacy when you can buy a Majestic FACT.

Souvenir Set of Majestic Ware
FREE, worth \$7.50.

If you will call at our store during our Majestic Demonstration Week and allow us to show you the many advantages and superior qualities of the Great and Grand Majestic Range, and will purchase one at the regular price, we will give you FREE the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this Set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range bought during demonstration week only.

Reasons Why The Great Majestic You Should Buy.

- 1st. It has the reputation of being the best range money can buy.
- 2nd. It not only has the reputation, but is the best range made, and we will prove this to you if you will let us.
- 3rd. It is constructed of Malleable iron (material you can't beat) and of Charcoal Iron (material that resists rust 300 per cent. greater than steel,) is riveted together air-tight. No heat escapes or cold air enters range, thus uses very little fuel to do perfect work.
- 4th. The reservoir alone is worth the price of the range over any other reservoir made. It boils 15 gallons of water; is heated like a tea kettle, with pocket against left hand lining, and is movable, and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.

What Dr. Nett stated: I can, only in a few cases, grow hair on a bald head, but I can always save what you have, and I never failed to restore gray hair to the vigor and color of youth.

The most beautiful face plain indeed if not crowned with a head of luxuriant hair. One of the greatest charms of a beautiful woman is her hair, no woman can be said to be a specimen of feminine beauty who has short, thin, straggly hair. When we speak of a beautiful, we call to mind the image of some fascinating creature with long, wavy, luxuriant tresses. Falling hair as well as gray hair ring the death knell of feminine charm, beauty and vigor.

Q-Ban Hair Restorer will make gray-haired people look youthful, and after it has done its work no barber, physician or specialist can perceive that it is the work of art or medication. No woman need be without a luxuriant head of hair if she can obtain Q-Ban Hair Tonic, calling hair it corrects after one or two applications and it improves the strength, length, vigor and thickness of the hair.

Any druggist will assert, that if six bottles of Q-Ban Hair Restorer does not change gray hairs to a youthful color, and that, if both the Restorer and Tonic do not arrest falling hair, cure dandruff, etc., that your money will be refunded if you have used up to the sixth bottle. You know your druggist—ask him.

R. E. McRoberts recommends and sells these preparations.

If you are gray haired or your hair is commencing to fade you can have the first full size 50c bottle by sending 12c in postage to the HESSIG-ELIAS Drug Co. Memphis, Tenn.

How would you like an income of \$50.00, \$100.00 or \$200.00 per month, payable monthly? You can have it by putting in a herd of dairy cows, and patronizing the Creamery. 8 to 10 good cows will bring you \$50.00 and upward per month; 16 to 20 good cows will bring you \$100.00 and upward per month; 35 to 40 good cows will bring you \$200.00 and upward per month.

"Work?" Yes Hard Work,

but do you know of any way of making money without work. If you are looking for a "Snap" don't waste your time fooling with cows.

If you really want to improve your standing in the world, and are willing to study and learn and work, there is no industry that will respond more quickly to your efforts than dairying. The dairying interests are to Illinois, Iowa, Wisconsin, Michigan, New York and Ohio as tobacco and hemp are to Kentucky. It is a well known fact that any and all of the above named states are more prosperous than Kentucky; due, no doubt to the fact that their people are quicker in responding to new conditions, ideas, and new inventions than are ours.

If you are to succeed as a dairy man, you must milk good cows, house them properly and feed them a balanced ration; and then they will return you a golden harvest.

Come to the creamery and let me explain to you in detail. It will be worth your time.
